### **DETAILED ACTION**

1. The amendment filed 10/20/03 has been entered. New claim 35 has been added. Claims 1-12, 14, 18-39, 32 and 35 are pending in the application.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1-12, 14, and 18-29 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The amended claims now recite a layer comprising "a blend of a heterogeneous polyethylene and a homogeneous polyethylene plastomer wherein said heterogeneous polyethylene and said homogeneous polyethylene plastomer each has a density of about 0.89 g/cc to about 0.93 g/cc" however the instant disclosure at the time of filing does not appear to support this limitation particularly given that the disclosure never recites the term "heterogeneous" and only refers to the term "homogeneous" with regards to polyethylenes in general.

### ***Allowable Subject Matter***

5. Claims 32 and 35 are allowed for the reasons recited in the prior office action.

Art Unit: 1773

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
